My Healthy Environment

A teacher in a yellow hijab and brown jacket stands in a classroom, holding a small picture of a landscape with trees and a field. She is looking at two students, a boy and a girl, who are sitting at their desks.

Sharka, coba hitung ada berapa pohon pada gambar ini!

1, 2, 3. Ada tiga Bu Tiara.

The teacher is still holding the same picture of the landscape. She is now looking at the boy student, who is looking back at her.

Betul sekali, Sharka. Coco, apakah ada sampah di bawah pohon itu?

Tidak ada Bu.

The teacher is now standing at her desk, which has a laptop and some books on it. She is looking at the boy student, who is standing and looking at her.

Kira-kira sampah dedaunan bisa dibuat apa ya?

Bisa dibuat kolase Bu. Contohnya kolase berbentuk hewan.

The teacher is standing and looking at the boy student, who is smiling. She has her hands open in a gesture of praise.

Wah, Tora hebat sekali.
