RESEARCH TIMELINE

This section includes the scheduled research plan in chronological order. It is shown in a table. The number and kinds of tasks/procedures, however, depend on the characteristics of each research.

No.	Task	January				February				March				April				May			
		1	2	3	4	1	2	3	4	1	2	3	4	1	2	3	4	1	2	3	4
1.	Writing proposal																				
2.	Proposal seminar																				
3.	Revising proposal																				
4.	Writing paper (Chapter 1, 2, 3)																				
6.	Collecting data																				
7.	Analyzing data																				
8.	Writing chapter 4																				
9.	Writing chapter 5																				
10.	Finishing the paper																				
11.	Final revision																				
12.	Paper Examination
